

# Leather

---

From the finest full-grain aniline to highly durable semi-aniline and corrected grains, all leathers in our curated collection are made from European raw-hides. Earthy, subdued hues combined with timeless colourways form a harmonious colour scheme – carefully selected and defined to complement our upholstered designs.

## CARE AND MAINTENANCE

Leather is a natural material known for its exclusive look and hand feel. Being a natural material, no two surfaces are alike and depending on the quality, visual variations are to be expected.

Like most natural materials, leather requires some care and maintenance to ensure its enduring appeal. When cleaning, use a soft, dry cloth or a vacuum cleaner with a soft brush to remove any dust. To absorb any spills, gently dab the spill with a damp cloth immediately.

Occasionally clean the leather with foam from soap flakes stirred into warm water. When the water reaches room temperature, apply the foam with a soft cloth. Solely use the foam and avoid soaking the leather. When the leather is dry, polish it with a soft, dry cloth.

Avoid any chemical products, or contact with sharp objects, and make sure to protect the leather from direct sunlight.

## BARONA

---

With a corrected grain, Barona offers a uniform and smooth surface structure, forming a leather incredibly soft to the touch. Made from European rawhides, Barona has received a special surface treatment, ensuring a very resilient leather guarded against wear and tear. Available in black and subdued, light, and earthy hues, the colourways and durable character of Barona make the leather well suited for heavy use and hospitality projects.

## **FAITH**

---

Faith is a heavyweight, full-grain aniline leather featuring a velvety soft touch and a natural large-grain structure, adding depth and a bold, complex character to the dense material. Made from high-end European rawhides, Faith is a luxurious material suited for sophisticated use, where a subtle patina is expected to emerge over time and when exposed to light.

## **PARMA**

---

Made from high-end European rawhides, Parma is an exclusive full-grain, aniline leather featuring a luscious smooth surface and natural open-pored texture. Offered in a contemporary yet timeless colour scheme, Parma contributes with understated elegance and patina that emerges over time, adding even more tactility to the leather.

## **PATROL**

---

Made from European rawhides, Patrol is a corrected semi-aniline leather. Treated with a light surface finish, Patrol combines the natural look of pure aniline leather and higher durability, making it very resilient and easy to maintain. Offered in three classic colourways, Patrol is well-suited for flat upholstery in a wide range of applications.

## **TREVISO**

---

Made from the most high-end European rawhides, Treviso is an exclusive full-grain aniline leather. With a smooth, flexible surface and natural open-pored texture, the aniline leather is distinguished by the unique markings of the hide, contributing to an authentic appearance that will grow a subtle patina over time. A slight two-tone effect accentuates Treviso further, enhancing the surface with depth and tactility.
