

Conscious design

/ enduring form and functionality

Working with like-minded designers, our collection transcends borders and boundaries, never dictated by momentary trends or tendencies. We aim to bring enduring designs to the market - in terms of aesthetics, functionality, and quality.

Testing

We have relevant contract products undergo BIFMA testing to ensure the highest levels of strength and stability for commercial spaces.

Find the full list of tested products [here](#).

Warranty

To offer our customers complete peace of mind and to truly accentuate the durability, high quality, and workmanship of our designs, we offer an extended warranty against production and construction defects. A five-year warranty applies to all furniture in our collection, while our rugs are covered by a two-year warranty.

Lifecycle programme

In 2024, with the goal of extending the lifespan of our designs, we will launch a programme to educate our customers and partners on proper maintenance and care of our designs, as well as provide information about available spare parts and interchangeable covers.
